

2/11/07 Sunday Evening

A message from your father

1Kings 19:

If you are not careful the very threat of trouble will destroy you.

You could be missing the best days of your life.

When there is greatness in your life the enemy will send out assassins.

Real life does not allow you room for pity parties.

Luke 12:22-25

The Devil is out to kill your peace.

Quit trying to fix someone else's problems and go on with your life.

God will come where ever you are but you have to come out of the cave.
